

Trend: Tallahassee has a mild, moist climate characteristic of the Gulf States, experiencing a subtropical summer similar to the rest of Florida. In contrast to the Florida peninsula, Northwest Florida of which Tallahassee is a part, experiences four seasons. Prevailing winds average 5.5 miles per hour and are from a southerly direction in the spring and summer, then shift toward a more northerly direction later in the year. Tallahassee has clear skies on average 102 days per year; partly cloudy skies, 129 days; and cloudy skies, 134 days.
