

Recent Graduates Employed in Leon County by the next Fall

Trend: "Graduate Retention" is not easy to define. Higher education enrollment is driven by State, national, and international recruitment rather than by local labor market needs. The number of graduates and the skills they graduate with may not necessarily match the needs of Tallahassee's labor market. In the 2023/24 academic year, 15,048 graduates completed degrees at FSU and FAMU. Graduate retention was 15.0%, with 11.0% full-time employed in Leon County by Fall 2024. The 11.0% of graduates found full-time employed in Leon County the following year is similar to the proportion of incoming university students from Leon County (11.2%). This retention equilibrium for Leon County generates continuous renewal of the local workforce and is consistent with the tempo of growth in the local labor force and employment.
